

P23 - Powerbank MagMetal 5000

5000 mAh recycled aluminum battery, customizable with luminous logo.

This product is designed to comply with environmental standards: rABS, recycled aluminum and rPET 5-in-1 charging cable included.

Magsafe technology enables the battery to be magnetically attracted to the back of the phone, recharging it by induction. If your phone doesn't have this technology (from Iphone 12), you can use the magnetic ring supplied.

Output / Input USB-C : fast charge PD (power delivery)

The 20W fast charge cable supplied can charge several devices at the same time, and features dual input (USB A and Type C).

Everything is included: lighting logo customization, rPET cable and recycled cardboard gift box.
